People & Access works without HR

toutegestion.fr/products/school

Less fragmentation. More control.

Connect records, attendance, fees and reporting in one source of truth.

01

One source of truth

Student, academic, finance and operational records together.

02

Faster administration

Structured workflows reduce repeated manual work.

03

Clearer fee visibility

See fee structures, invoices, payments and balances.

04

Controlled access

Separate admin, teacher, parent and student responsibilities.

CORE CAPABILITIES

Admissions & enrolment | Academic management | Attendance

Assessments & reporting | Fees & finance | Timetable & operations

Boarding & inventory | People & access

Choose a system that fits your school.

Fit the institution, define clear access and support daily operations.

01

Fits your structure

Academic years, terms, classes, subjects and workflows.

02

Parents and students are users

Guardian and student access is separate from staff access.

03

HR is not a prerequisite

Core School People & Access works without optional HR.

04

Your school keeps its identity

School-specific tenant identity and branding.

05

Leadership retains control

Role-based permissions separate responsibilities.

06

Implementation follows workflows

Setup is based on the records required for launch.

RIGHT EXPERIENCE FOR EACH ROLE

Administrators | Teachers | Parents | Students

Each group receives access appropriate to its responsibility.

A practical path from setup to school-wide use.

01

Configure the school

Identity, terms, classes, subjects and roles.

02

Bring in your records

Students, guardians, staff and core launch records.

03

Prepare workflows

Fees, attendance, assessments and reporting.

04

Go live

Train teams and validate critical workflows.
